Product range

DONGHUA

Hangzhou, where the Hangzhou Donghua Chain Group Co, Ltd. is located is an industrial town near to the Chinese East Coast, 300 kilometres from Shanghai, Donghua employ more than 6000 employees, working together they produce more than 65.000 tons of finished chains per year. When considering the whole product range and production, Donghua is probably one of the biggest chain manufacturers worldwide.

Donghua chains have been sold in Europe under West-European brand names for more than 20 years. Donghua is the first quality Chinese chain manufacturer to settle in Europe. We chose The Netherlands because of the high knowledge level of the workforce and the excellent distribution possibilities. With Europe's largest harbour and Amsterdam's Airport close to our facilities.

Donghua International BV is a full daughter company of Hangzhou Donghua Chain Group Co, Ltd., in China. Customers select us because of the unique price / performance ratio of our products. Our European team has experience of more than 20 years in design, development and production of chain solutions. Our expertise fits the needs of both OEM and replacement market customers.

Chains from Donghua are ISO9001-2000 and API certified.
